

Academic Achievements, Environmental Education, Sports Achievements, Innovations, PTA Activities & Important SMC Decisions Academic Achievements

SEA Indraprastha continued its pursuit of academic excellence during the session 2025–26. The school achieved commendable results in the Class X Board Examination, where five out of twenty-six students secured above 90% marks. Srishti Sharma brought laurels to the institution by scoring a perfect 100/100 in Artificial Intelligence.

Students actively participated in various competitive examinations including SOF Olympiads (IMO, NSO, ISO, IGKO, ICO) and Sanskriti Gyan Pariksha, reflecting their academic enthusiasm and intellectual growth. Regular assessments, remedial classes, enrichment programmes, and activity-based learning strategies were implemented to strengthen conceptual understanding and improve academic performance.

Efforts Made in the Field of Environment Education

The school remained committed towards creating environmental awareness and promoting sustainable practices among students. Nature visits, educational excursions, plantation activities, cleanliness drives, and awareness programmes were conducted throughout the academic session. Educational trips to Kanha Kesli (Madhya Pradesh), Narsinghnath (Odisha), Karela Bhawani, and Maitri Bagh helped students develop environmental sensitivity and practical learning experiences. Through various activities conducted under eco-conscious initiatives, students were encouraged to understand the importance of conservation, cleanliness, and responsible citizenship.

Sports Achievements

Sports and physical education formed an integral part of the school curriculum. Students actively participated in various indoor and outdoor sports activities including Volleyball, Kabaddi, Kho-Kho, Athletics, Yoga, and Fitness Sessions.

Inter-house competitions and sports events promoted teamwork, discipline, leadership, and sportsmanship among students. The school consistently encouraged students to maintain physical fitness alongside academic excellence through regular training and participation in competitive activities. Rajnish Kumar brought laurels to the school by securing a Gold Medal in Shot Put at the Cluster Level Athletics Championship and was selected for participation at the National Level competition.

Innovations & Creative Initiatives

The school adopted innovative and experiential learning practices to make education more interactive and student-centered. Technology-integrated teaching methods, project-based learning, club activities, science exhibitions, inclusion of Abacus and Robotics and creative classroom practices were implemented during the session.

Students showcased their creativity and innovation through participation in Robo-Soccer competitions, science exhibitions, literary activities, art competitions, music, dance, and co-curricular programmes. Smart learning techniques and activity-oriented teaching methodologies enhanced critical thinking and collaborative learning among students.

PTA Activities

The school maintained strong collaboration with parents through regular Parent-Teacher Meetings and Parent Interaction Programmes. Parents actively participated in school activities and contributed towards the learning experiences of students, especially in the pre-primary section where skill-sharing sessions were conducted.

Constructive feedback and continuous communication between parents and teachers strengthened the school-parent partnership and supported the overall development of students.

Important SMC Decisions

The School Management Committee played a significant role in the effective functioning and development of the institution. Important decisions regarding infrastructure enhancement, academic planning, student safety, cleanliness, co-curricular development, and improvement of learning resources were successfully implemented during the session.

The committee also emphasized teacher training, technological integration, experiential learning, and holistic student development to maintain quality education standards within the institution.

Overall Result

The overall academic performance of the school during the session 2025–26 remained highly satisfactory. Students displayed consistent growth in scholastic and co-scholastic areas, reflecting the collective efforts of teachers, students, and parents.

The school continued to focus on holistic development by balancing academics, sports, cultural activities, and life-skill education, thereby ensuring the all-round progress of every learner.
